2 WAYS TO WIN THE GAME

(You need to achieve only one)

1

COLLECT ALL 21 BITCOIN CARDS

21

- **BY TAKING THEM FROM THE DECK**
- **BY STEALING THEM FROM YOUR OPPONENT WHEN SCORING A GOAL WITH A SUPER SHOT**

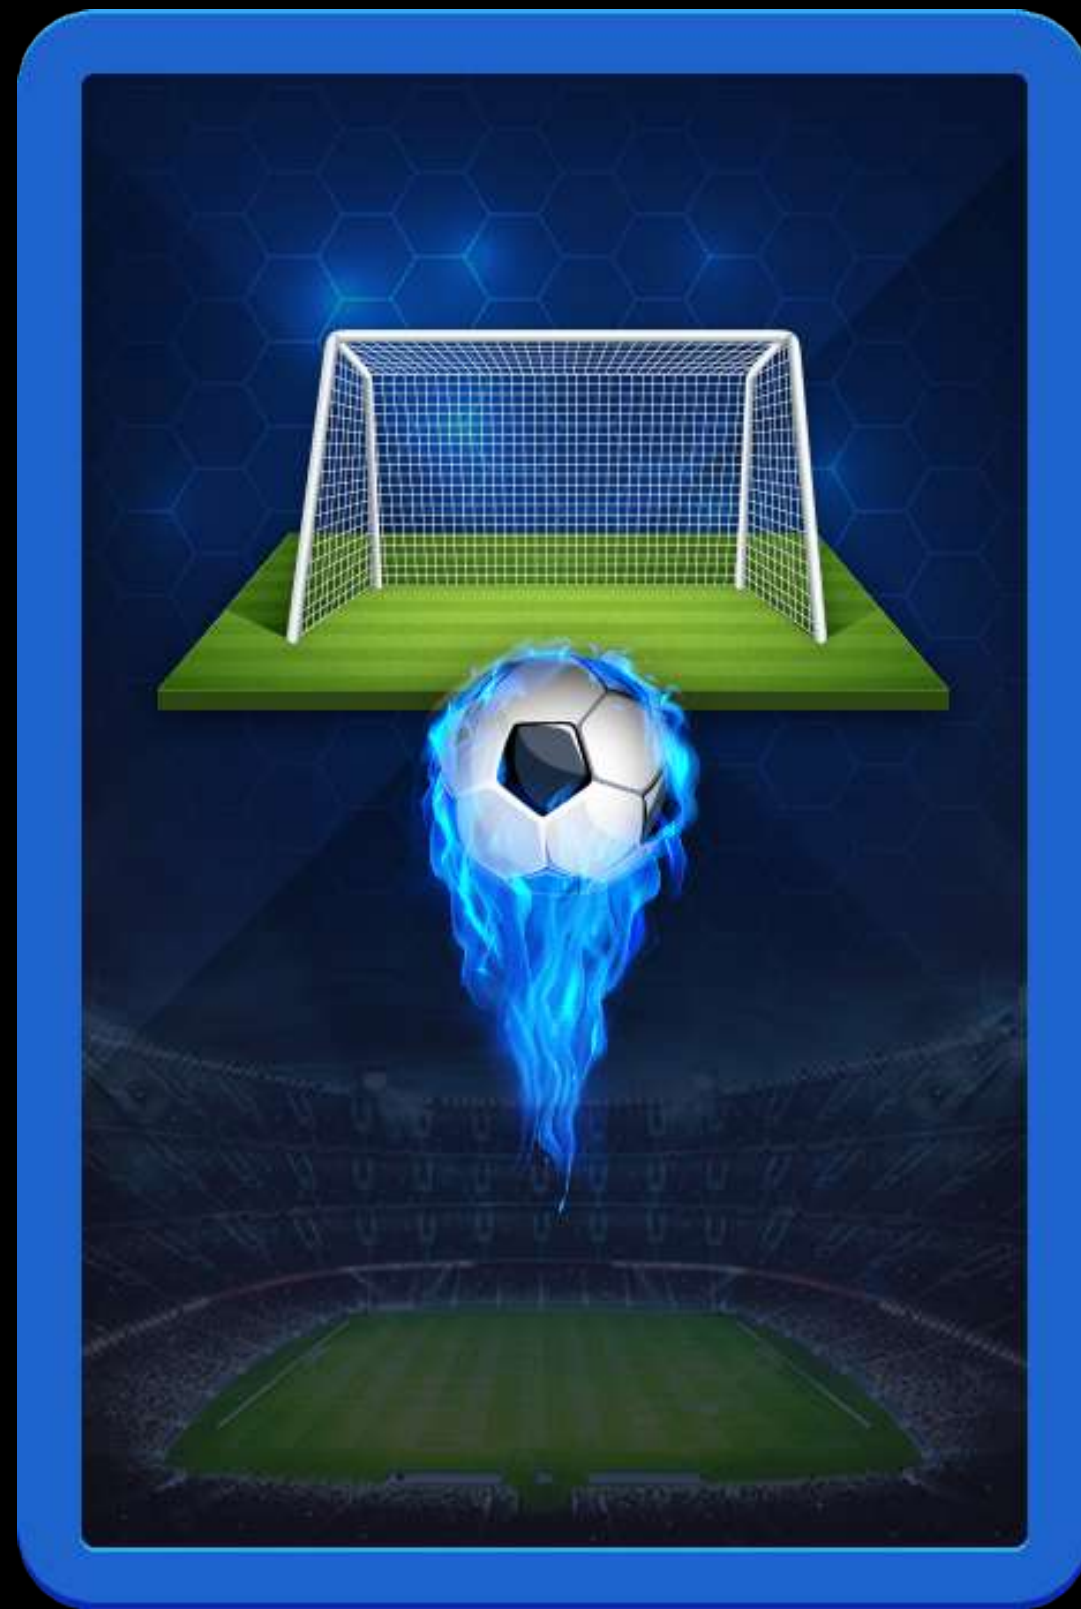

NOTE

You can use 3 bitcoin cards to buy a Super Shot card from your opponent. You need to have at least 1 Super Shot card of that color.

2

SCORE 3 GOALS

**SUPER
SHOT
CARDS**

NOTE

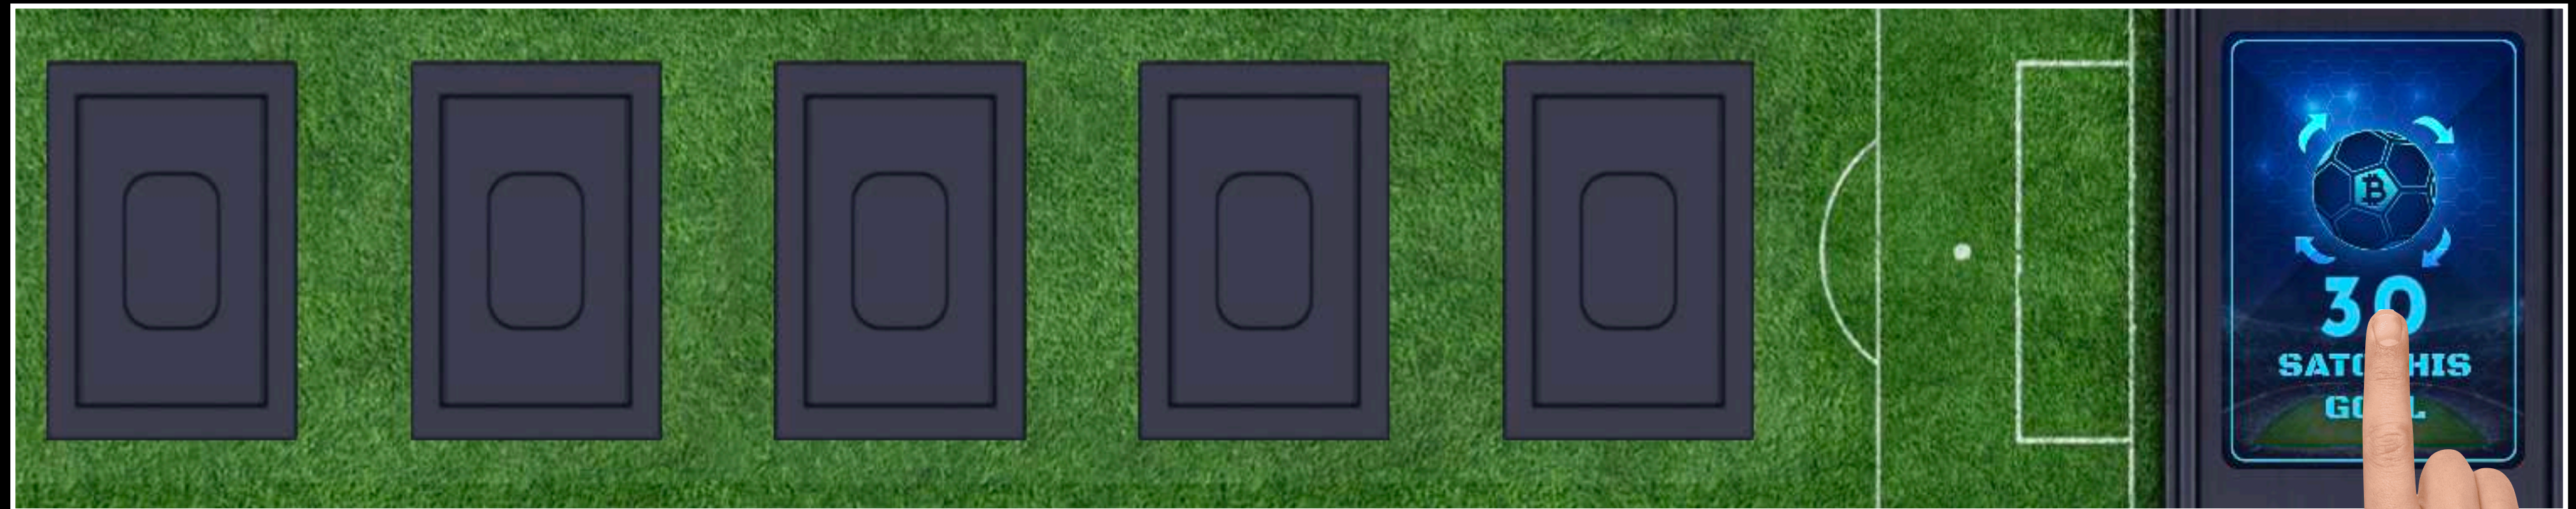

Collect 3 **Super Shot** cards of the same color to do a Super Shot. If you score a Goal this way all Bitcoin cards from your opponent will be yours as well.

MOVEMENTS

OPTION 1

1

TAKE ONE BY ONE UP TO 5 CARDS FROM THE DECK

ESPECIAL MOVE

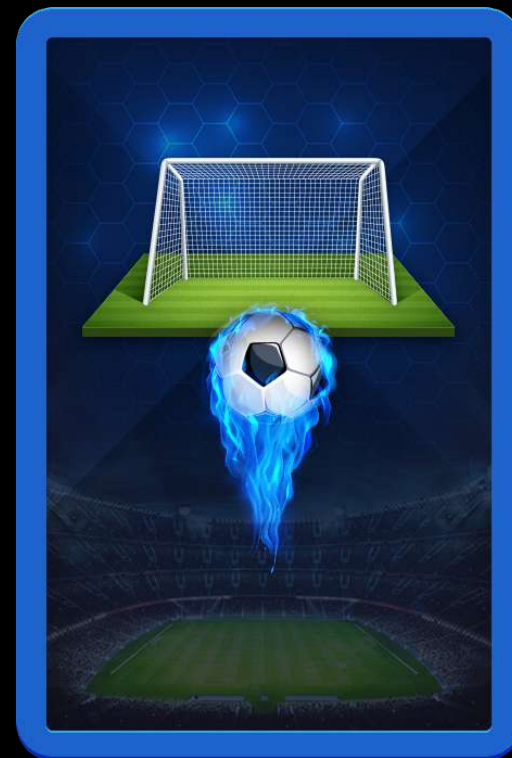

When a player runs out of cards can choose to draw **5 cards at a time.**

All red cards received will be just discarded with this special move.

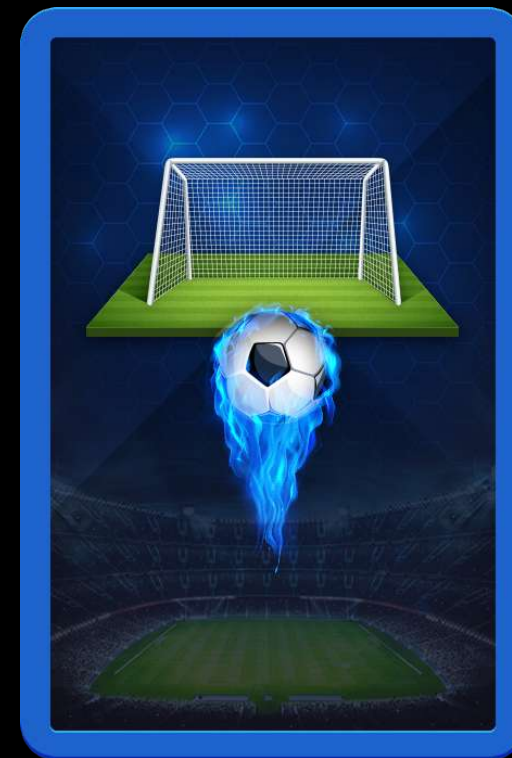

OPTION 2

2

or

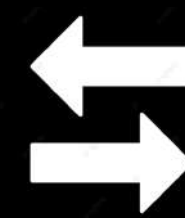

BLOCK SUPER SHOT

+

+

**BUY A SUPER SHOT
CARD TO YOUR
OPPONENT**
(You need to have at least
one super shot card of that

OPTION 3

3

DO A COUNTERATTACK

ONLY DURING THE TURN YOU ARE DEFENDING A SUPER SHOT

**END YOUR TURN WITHOUT
BITCOIN CARDS TO SCORE A
GOAL IN A COUNTERATTACK**

**(Counterattack doesn't steal bitcoin
cards from the opponent)**

RED CARDS AND SHIELDS

RED CARD

Every time you get a **RED CARD** you have to **discard 2 of your cards** (Bitcoin or Super Shot) and must end turn.

Use **SHIELDS** to protect yourself against red cards.

THERE ARE 6 RED CARDS IN THE DECK

SHIELDS (Use them when you get a red card)

KEEP PLAYING

Use it to avoid discarding cards and keep taking cards from the deck

DOUBLE PROTECTION

Use it to avoid discarding cards but you lose your turn (Can use it 2 times)

DEVIATION

Send to your opponent the red card and keep your cards safe

SHIELDS SPECIAL ABILITIES

1

When you have all **3 shields** they give you the power to see how many red cards have been already discarded.

2

Your opponent won't be able to buy any of your Super Shot cards if you have all **3 shields**.
